Helen and I will be there for sure. Alan and Jayne can't make it, and I don't think Dave P is coming.

Subject: LSAC-TWG Meeting on March 20-REVISED TIME

EPA partners,

DEQ has decided to hold a Joint LSAC-TWG Meeting on March 20, rather than separate LSAC & Sediment TWG meetings. We concluded that this will be a more efficient approach for all stakeholders and will provide a common informational basis for moving forward with the IR-TMDLs.

10:00 AM- 3:30 PM

Newport (venue TBD)

We will send an email to the Advisory members tomorrow notifying them of the change. We are working out some of the details and plan to send an agenda out the first of next week. We'll cover this in more detail at the Mid-Coast Prep/Check-in next Tuesday 3/12.

Please let us know who from EPA will be attending.

Thanks!
